Product Description

2X3W Stereo Speakers With Frequency Response 60Hz-20KHz 3.5mm Connector

Product Description:

2.0 PC Speakers are the perfect choice for a variety of listening experiences. They provide a powerful stereo sound with a frequency response of 60Hz-20KHz, allowing you to enjoy your music with enhanced sound quality. These 2.0 stereo speakers are designed with two 3W drivers, giving you plenty of power to fill any room with sound. They are encased in a sleek black finish, making them an attractive addition to any setup. The 3.5mm connector allows you to plug into any laptop, PC, or smartphone, while the DC 5V power supply ensures you stay connected. With their portability and convenience, these 2.0 wireless speakers with Bluetooth function are the ideal audio solution for your home or office.
