## Packing and Shipping:

Packaging and Shipping

2.0 Bookshelf Speakers are packaged in a protective box to ensure that they arrive safely. The box includes a cushioning material to protect the speakers during shipping. The shipping cost varies depending on the destination. If the product is shipped within the United States, a flat rate is charged. For international shipping, the cost varies depending on the country.

## FAQ:

1. How long is the lead time?

Usually it takes around 20-25 days after sample confirmed and deposit received (Different quantity has different production leadtime). If you need the goods urgently, please tell us, and we will try our best to give you priority.

2. How can I get a sample from you?

If we have stock for the models you need, we can send you our stock sample FOC. But if you need your own design, sampling cost will be charged, and for both ways, the courier freight needs to be covered by you. And samples can be sent through FedEx, UPS, TNT, DHL, etc.

3. If I need my own size?

We need to make new moulds for your own size, and this will cause tooling cost but it can be refunded after order qty reach what we required. So normally we would suggest you can use our similar mould size existed.
