Great Compatibility

Easily cover the entire room

The power determines the quality of the sound, but also determines the coverage of the sound, the high-power coverage is large, the sound output is powerful and textured, and it can easily cover a room of more than 100 square meters.

Built-in four Full-screen speakers

the left-right symmetrical channel structure counteracts the vibrations caused by the sound, ensuring the balanced output of sound on both sides, you can experience the live feeling of home audio.

Provides the ultimate in sound effects for watching movies, sporting events and more.
