Product Description

2.1 channel BT multimedia desktop computer speaker with home theater system speaker with amplifier

Product Description

Highlight

H-911 is an active 2.1 sound system for multimedia home theatre use and features a stunning carbon design for a distinctive look. You can hook it up to a multimedia device, smartphone or tablet using an AUX cable/RCA/USB/TF card/Blue tooth connection. Be prepared to have your world rocked thanks to the powerful subwoofer which delivers deep bass and high-volume sound. A practical desktop remote makes it a breeze to control the speaker system, and thanks to its stylish design and shocking bass stereo the H-911 dominate the similarly priced products on the market. It's a true all-rounder for any situation.
